CAPITAL IMPROVEMENTS PROGRAM

Projects under the direction of
Clerk of the Courts

This capital project of the Clerk of the Courts is to implement electronic filing of court cases. Historically, each document received by the Clerk's Office must be manually entered into the case management system. By accepting documents electronically for criminal and civil cases, the Clerk will substantially reduce the time spent on information entry and improve the timeliness for providing case information.

	Proposed <u>FY 1999-00</u>	Proposed <u>FY 2000-01</u>
Electronic Filing	\$ 450,000	\$ 300,000
Funding Mechanism:		
Miscellaneous Construction Projects (1023)	\$ 450,000	\$ 300,000
